# *Welcome to* **Training for Employment**

Training for Employment are one of the fastest-growing training providers in the West Midlands. We have been training since 2010 and pride ourselves in providing high standard training and professional service. We specialise in security, construction, utility & energy, and first aid training.

We offer bespoke corporate training for Businesses of all sizes. Our first time pass rates are extremely high and we work with our clients to create bespoke, relevant and interactive courses, supported by highly qualified trainers and assessors.

Among the professionals on our team are seasoned industry professionals who have years of experience in their respective fields.

## **Our Courses**

- Emergency First Aid At Work
- First Aid At Work
- Fire Safety for Fire Marshalls
- Fire Safety Awareness
- E-learning Courses

## **Our Accreditations**

# Why Choose Us

As a training company, we believe that providing exceptional service to our clients is key to their satisfaction and the development of long-term relationships. In addition to our commitment to excellence, our team is committed to providing our clients with the most effective, efficient, and transparent training possible.

From the moment you contact us until the moment you receive your training, our staff is dedicated, supportive, and well-trained among others. It is our utmost commitment to provide the most comprehensive and up-to-date industry-relevant training on the market today.

## Some of Our Clients

Training and upskilling their workforce is something we do for 60 brands across the UK right now. Bellow are just a few of our clients:

# National COVERAGE

Training4employment covers the full length and breadth of the UK with the option of on-site training at a location that is convenient for your business. This cuts down on your costs, and your workforce can feel assured that the training is tailored to their specific needs.

- ✔ **Our experienced and Awarding Body approved trainers, come to you**
- ✔ **Onsite training allows you to train more employees at reduced cost, maximizing compliance**
- ✔ **Train at a time and date that suits your business**
- ✔ **Your employees are onsite, ready to return to work immediately after training**
- ✔ **No extra travel expenses for staff or disruption to schedules.**

# FIRST AID TRAINING

People at work can suffer injuries or fall ill at all times. It doesn't matter whether the injury or illness is caused by work, however, it is important to give them immediate attention and call an ambulance in serious cases.

Any business in the UK must meet the legislative requirements governing first aid within the workplace. As a business, you should make arrangements to ensure sufficient help and support is available.

- The Health and Safety (First Aid) Regulations 1981
- The Health and Safety (First-Aid) Regulations (Northern Ireland) 1982
- The Health and Safety at Work etc. Act 1974
- RIDDOR Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (current Regulations)
- The Management of Health and Safety at Work Regulations 1999

Further information can be found on the Health and Safety Executive (HSE) website [www.hse.gov.uk](http://www.hse.gov.uk)

## Who needs First Aid?

Provision for first aid at the workplace must be available at all times regardless of the size of your business.

The minimum first-aid provision on any work site is:

- a suitably stocked first-aid kit; an appointed person to take charge of first-aid arrangements
- information for employees about first-aid arrangements.

The first-aid provision needed will depend on the circumstances of each workplace.

## Suggested Numbers of First Aid Personnel

Low Hazard	High Hazard
<ul style="list-style-type: none"><li>• <b>Fewer than 25 employees</b> - require 1 small workplace compliant first-aid kit and at least <b>1 Appointed Person</b>.</li><li>• <b>25-30 employees</b> - require 1 medium workplace compliant first-aid kit and at least <b>1 EFAW trained first-aid-er</b>.</li><li>• <b>More than 50 employees</b> - require 1 large workplace compliant first-aid kit (per 100 people) and at least <b>1 FAW trained first-aid-er for every 100 employees</b>.</li></ul>	<ul style="list-style-type: none"><li>• <b>Fewer than 5 employees</b> - require 1 small workplace compliant first-aid kit and at least <b>1 Appointed Person</b>.</li><li>• <b>2-25 employees</b> - require 1 medium workplace compliant first-aid kit and at least <b>1 EFAW trained first-aid-er</b>.</li><li>• <b>More than 50 employees</b> - require 1 large workplace compliant first-aid kit (per 100 people) and at least <b>1 FAW trained first-aid-er for every 50 employees</b>.</li></ul>

# EMERGENCY FIRST AID AT WORK TRAINING (EFAW)

Our Emergency First Aid at Work (EFAW) Course is specifically designed to enable any businesses to comply with UK Health & Safety (First Aid) Regulations.

Once you have identified your business setting's risk profile and first aid needs, you can choose the most appropriate training for your first aiders. If your risk assessment indicates that only emergency protocols need to be covered, then our Half-Day Emergency First Aid at Work (EFAW) course is the ideal solution for you.

## Course Key Information:

- **Delivery Mode:** Blended Learning
- **Duration:** 2 hours E-LEARNING + 4 hours ON-SITE training
- **Fun, dynamic and memorable training methods** to optimise learner recall, knowledge and confidence
- **Certificates:** Validity 3 years
- **Accreditation:** Highfield Level 3 Award
- **Resources:** FREE First Aid Handbook + 12 months access to E-learning
- **FREE Resits**
- **Group Size:** 8 - 12 people per trainer

## Entry Requirements:

- Candidates must be 14 years and over
- Candidates must also have a minimum of Level 1 in English and show that they can communicate effectively.

## Topics Covered:

- Role and responsibilities of a first aider
- Assessing an incident
- Managing an unresponsive casualty
- The respiratory system
- Wounds and bleeding
- Shock
- Dealing with minor injuries
- Dealing with other injuries.

## Assessment and Certification:

- **E-Learning** - Delegates are required to complete E-Learning, which will be emailed to them. The E-Learning contains 6 modules comprised of interactive videos and short assessments at the end of each module. Delegates can only attend the On-SITE training once the E-Learning has been 100% completed.
- **On-Site training** - On-Site training is comprised of a theory test and practical first aid session and assessment. The theory test consists of multiple-choice questions. The practical assessment will be recorded.
- **Certification** - exam results will be made on the day. Certification normally takes 5 to 7 working days.

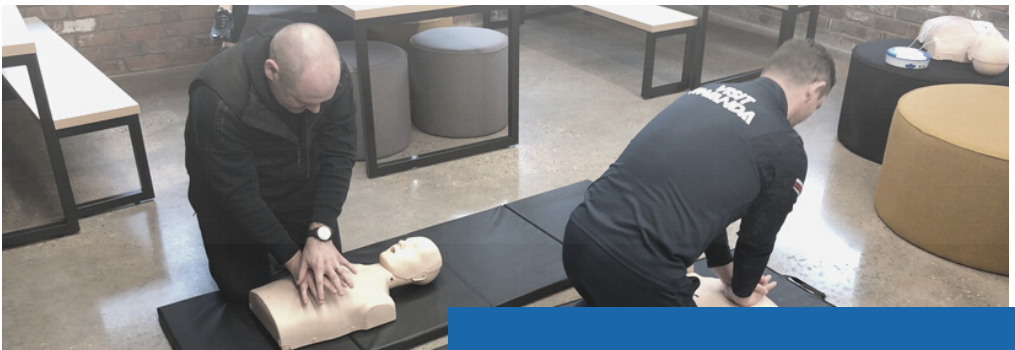

## Client Testimonial

Very informative course, The practicals and class interaction were very helpful.

UWA JACOB OKOCHA NWOKE

# FIRST AID AT WORK TRAINING (FAW)

If your risk assessment indicates that full emergency protocols need to be covered, then our 3-Day First Aid at Work (FAW) course is the ideal solution for you.

## Course Key Information:

- **Delivery Mode:** Face-to-Face ON-SITE
- **Duration:** 3 days
- **Fun, dynamic and memorable training methods** to optimise learner recall, knowledge and confidence
- **Certificates:** Validity 3 years
- **Accreditation:** Highfield Level 3 Award
- **Resources:** FREE First Aid Handbook
- **FREE Resits**
- **FREE Refresher:** after 2 years (optional)
- **Group Size:** 8 - 12 people per trainer

## Entry Requirements:

- Candidates must be 14 years and over
- Candidates must also have a minimum of Level 1 in English and show that they can communicate effectively.

## Topics Covered:

- Role and responsibilities of a first aider
- Assessing an incident
- Managing an unresponsive casualty
- The respiratory system
- Wounds and bleeding
- Shock
- Dealing with minor injuries
- Dealing with other injuries.

## Assessment and Certification:

- **Theory** - On the last day of the course delegates will be assessed via a series of multiple-choice questions contained within theory question papers.
- **Practical Assessment** - The practical assessment is completed throughout the course delivery. The practical assessment will be recorded.
- **Certification** - exam results will be made on the day. Certification normally takes 5 to 7 working days.

# FIRE SAFETY TRAINING

According to Section 2 Health and Safety at Work etc. Act 1974, every business in the UK must ensure so far as is reasonably practicable, the health, safety and welfare of all their employees at work.

Regulatory Reform (Fire Safety) Order 2005 states the if you are an employer the owner, the landlord, an occupier, anyone else with control of the premises (e.g. a facilities manager, building manager, managing agent or risk assessor) than you are known as the 'responsible person' for fire safety in business or other non-domestic premises.

The Fire Safety Order also applies if you have paying guests, e.g. if you run a bed and breakfast, guesthouse or let a self-catering property.

## What are the responsibilities of 'responsible person'?

As the responsible person you must:

- carry out a fire risk assessment of the premises and review it regularly
- tell staff or their representatives about the risks you've identified
- put in place, and maintain, appropriate fire safety measures
- plan for an emergency
- provide staff information, fire safety instruction and training.

## What is considered Non-domestic premises?

Non-domestic premises are:

- all workplaces and commercial premises
- all premises the public have access to
- the common areas of multi-occupied residential buildings.

## Fire safety training

You need to train new staff when they start work and tell all employees about any new fire risks.

### Penalties

A 'responsible person' could be fined or go to prison if they do not follow fire safety regulations.

Minor penalties can be up to **£5,000**. Major penalties can have unlimited fines and up to **2 years in prison**.

# FIRE SAFETY FOR FIRE MARSHALS - LEVEL 2

Our Fire Safety for Fire Marshalls Course (Level 2 Award in Principles of Fire Safety) is specifically designed to enable any 'responsible persons' to comply with UK Health & Safety (First Aid) Regulations.

The course is aimed at Fire Marshals and Fire Wardens who are based in any non-domestic premises area where there is a potential risk of fire.

## Course Key Information:

- **Delivery Mode:** Face-to-Face ON-SITE
- **Duration:** 7 hours
- **Fun, dynamic and memorable training methods** to optimise learner recall, knowledge and confidence
- **Certificates:** Validity 3 years
- **Accreditation:** Highfield Level 2 Award
- **Resources:** FREE Fire Safety Handbook
- **FREE Resits**
- **Group Size:** 8 - 12 people per trainer

## Entry Requirements:

- Candidates must be 14 years and over
- Candidates must also have a minimum of Level 1 in English and show that they can communicate effectively.

## Topics Covered:

- Causes of fire
- Common hazards
- Steps in a fire risk assessment
- Reducing the likelihood of fires
- Principle of fire safety
- Fire risks are controlled

## Assessment and Certification:

- **Theory** - On the last day of the course delegates will be assessed via a series of multiple-choice questions contained within theory question papers.
- **Practical Assessment** - The practical assessment is completed throughout the course delivery. The practical assessment will be recorded.
- **Certification** - exam results will be made on the day. Certification normally takes 5 to 7 working days.

## Client Testimonial

Great learning experience and training to prepare me for a Marshall role at workplace. The course was informative and engaging and ease of understanding. Perfectly delivered and very interesting.

**NICK ELLIOTT**  
USP STEELS  
Operations Manager

# PRINCIPLES OF FIRE SAFETY AWARENESS - LEVEL 1

Our Principles of Fire Safety Awareness (Level 1) Course is designed to support and enable any 'responsible persons' to comply with UK Health & Safety (First Aid) Regulations.

The course is aimed at all staff, particularly new starts in any workplace, where a basic understanding of fire safety is required.

## Course Key Information:

- **Delivery Mode:** Face-to-Face ON-SITE
- **Duration:** 6 hours
- **Fun, dynamic and memorable training methods** to optimise learner recall, knowledge and confidence
- **Certificates:** Validity 3 years
- **Accreditation:** Highfield Level 2 Award
- **FREE Resits**
- **Group Size:** 8 - 12 people per trainer

## Entry Requirements:

- Candidates must be 14 years and over
- Candidates must also have a minimum of Level 1 in English and show that they can communicate effectively.

## Topics Covered:

- Principles of fire safety awareness
- Hazards and risk with fire in the workplace
- Controlling fire risks

## Assessment and Certification:

- **Theory** - On the last day of the course delegates will be assessed via a series of multiple-choice questions contained within theory question papers.
- **Practical Assessment** - The practical assessment is completed throughout the course delivery. The practical assessment will be recorded.
- **Certification** - exam results will be made on the day. Certification normally takes 5 to 7 working days.

## Client Testimonial

Great learning experience and training to be a fire Marshall.  
The course was informative and engaging and ease of understanding.  
Perfectly delivered and very interesting.

# E-LEARNING AND BITE SIZE SHORTCOURSES

Many businesses and individuals are keen to spend less time in the classroom and more time studying independently, at a time and in a place to suit them.

Training4employment offer a range of e-learning courses that can be worked through on almost any device (excluding mobile phones) - all you need is an internet connection. This means your workforce can study independently, without worrying about fitting their studies around their other commitments. It also allows them to study from wherever they want, giving them the freedom to choose the most conducive environment for their learning.

All the e-learning courses are written in line with the learning outcomes of some of the most popular qualifications in the UK. They make full use of interactive technology in order to ensure learners are fully prepared for assessment.

The content of E-learning courses are written by Highfield Qualifications leading subject matter experts, who have usually also been involved with developing the associated qualification.

## Subject Areas available via E-learning

- Customer Service
- Fire Safety
- First Aid
- Health and Safety
- Food Safety
- Data Protection
- Warehousing and Storage

# E-LEARNING COURSES

## Manual Handling

- **Duration:** 30 - 40 minutes
- **Accreditation:** Highfield e-learning completion certificate
- **Resources:** 12 months access to E-learning platform

Safe lifting techniques   The LITE stairway to safety   Correcting lifting techniques  
Lifting with more than one person

## Asbestos Awareness

- **Duration:** 1- 2 hours
- **Accreditation:** Highfield e-learning completion certificate
- **Resources:** 12 months access to E-learning platform

What asbestos is   Where it can be found   Asbestos-related death  
Health implications of asbestos exposure   Working with asbestos  
Preventing accidental asbestos exposure

## Introduction to Working at Height

- **Duration:** 40 - 90 minutes
- **Accreditation:** Highfield e-learning completion certificate
- **Resources:** 12 months access to E-learning platform

Working at height   Planning work at height   Risk assessments  
The work at height hierarchy of control   Voids and holes  
Safe systems for working at height   Equipment for working at height  
Rooftops and fragile surfaces   Situational awareness

## Health and Safety - Level 2

- **Duration:** 2 - 4 hours
- **Accreditation:** Highfield e-learning completion certificate
- **Resources:** 12 months access to E-learning platform

Slips, trips and falls   Legal responsibilities   Risk assessment   Work equipment

Hazardous substances (COSHH)   Workplace health, safety and welfare

Fire   First aid   Manual handling

## Health and Safety - Level 3 - ideal for supervisors and managers

- **Duration:** 6 - 9 hours
